Financial Program «OPTIMA».

The program is designed for companies and corporations of the real sector of the economy.

- manufacturers of products, equipment, materials.
- exporters of raw materials.
- owners of retail chains.
- advertising companies
- hotel complexes
- construction holdings
- transport companies factories and plants.

Cooperation within the framework of the proposed program will provide your business with **only benefits**.

The program is an excellent financial tool and will provide Your company with:

- reduction of the tax burden (20% - 35%);
- cost reduction;
- increased revenue;
- ability to finance projects.

The scheme of cooperation is simple and clear.

The first step: conclusion of a Partnership agreement;

Second step: opening an account for Your company with the sole signature of the Director of the company or an authorized person;

The third step: transfer of funds on the basis Of the contract-orders, additional agreements for the placement of funds, for example, in an investment project, or for the performance of any services, etc.

Security: your company's Funds are in its own account, under its own control and management.

By saving money, the algorithm of the Program allows you to proceed to the following actions, namely:

- financing of projects by credit and financial institutions or private investors;
- to purchase a share in investment funds and to fill funds with funds of financial institutions for self-financing of projects.

The organization of work is transparent and safe. The proposed financial scheme has priority over offshore accounts. Your business will be able to operate in a stable financial system in **Israel**, with a well-organized banking infrastructure and will be protected by **English law**.

We offer individual structuring, legitimacy, transparency, a full package of documents.

Your company manages its own funds at its own discretion.

Commission: individually.

We are ready to discuss cooperation and sign a partnership agreement.

With respect!
